Sicurezza e design si incontrano nella nuova collezione di pannelli per porte blindate firmati da Andrea Castrignano per Gardesa. È la sartorialità ad ispirare il concept dell'Interior Designer per questa collezione di pannellature: la porta blindata diventa arte e si riscopre protagonista dell'ambiente domestico.

Security and design meet in the new collection of panels designed by Andrea Castrignano for Gardesa security doors. It is the tailoring that inspires the concept of the Interior Designer for this collection of panels: the security door becomes art and the door finds itself protagonist of the home environment.
